Psychopath Research Essay

You are to write a research essay in which you analyze one person who shows psychopathic tendencies, and any other disorders you believe exist. This person may be a modern CEO or a historical figure such as Joseph Stalin.

You paper should be in Times New Roman 12 Point Font.

Have a minimum of 4 references.

This will be a significant essay. Therefore it will be a minimum of 5 paragraphs of 7 sentences each.

There will be stages to this which need to be turned in as well.

- **Stage 1:** You will research what a psychopath is, and who have been psychopaths. You will write down 10 facts about psychopaths, and 5 facts about the psychopath you find interesting.
  - You will end up sharing this information with a partner so make sure it is good.
- **Stage 2:** Create an outline of what a typical psychopath looks like based off what you know so far.
  - This should have 7 major characteristics
- **Stage 3:** Choose one person, a CEO or a person from history, basically anyone that fits that the profile you created in stage 2.
  - You will research this person, and prepare to write a paper on them.
- **Stage 4:** Write the rough draft of your paper, 5-7 paragraphs of 5-7 sentences apiece.
  - Minimum of 3 quotations, properly introduced and explained.
  - Main characteristics of both your psychopath and of psychopaths in general.
  - The difference between a psychopath and a sociopath.
  - Likely enough this paper will finish somewhere around 1,500 words.
  - Do not use personal pro-nouns. If you do, that is an AUTOMATIC 10 POINTS off the final grade.
- **Stage 4.5:** You will switch papers with someone and critique each others work, and proof read as well.
  - Thus if the paper needs to be printed that can be taken care of as well.
- **Stage 5:** Make your corrections as needed, write your final draft and turn it in on Google Classroom.
  - Make sure that the paper is saved as [Your name-Psychopath Paper], and make sure your paper is also labeled properly.
  - Your paper should also be in Chicago/Turabian style of formatting or MLA style of formatting.
