The British Project
(Due By August 19)

Part 1) Google Slides

- Research:
  A) British music
  B) British food
  C) British landmarks.

- You must cover all 3 of the above categories. You need at least 10 total slides from these categories. So you could do 4 music, 3 food, and 3 landmarks, or 4 music, 2 foods, and 4 landmarks. Any combination is fine as long as you have 10 total. In addition to photos, you need a headline and bullet points describing it.

- In addition you must choose 2 of the following categories and include 3 examples of each:
  A) British Authors/Literature
  B) British Monarchy
  C) British Folklore, Legends, and Superstitions.

The last slide of your project must be a “work cited” page where you list the websites where you got your photos and information. You will get a zero if this page is not included.

Part 2) Paper

When you finish your poster or slides, you must also write a 2-3 page paper where you explain what your project was about. You do not have to write about every topic above. Just choose 3 that most interest you. I would recommend a paper format of

I. Introduction
II. Topic #1
III. Topic #2
IV. Topic #3
V. Conclusion

Rules for your paper:

1. Must be turned in via Google Classroom.
2. Double spaced (as is customary in MLA)
3. MLA Format (The Purdue Owl Formatting and Style Guide webpage is a great tool).
   https://owl.purdue.edu/owl/research_and_citation/mla_style/mla_formatting_and_style_guide/mla_general_format.html
4. You must use your own words. This paper is an explanation of your project so I expect your original thoughts and opinions. You may refer to information that you got from other sources that you have listed on your project’s work cited page.
